## Research Reports

Investigations of the origins of transient acetylcholinesterase activity in developing rat visual cortex (BRD 50734)	
R.T. Robertson, M.A. Hanes and J. Yu (U.S.A.)	1
Locally correlated activity in the goldfish tectum in the absence of optic innervation (BRD 50738)	
R.L. Meyer and D.L. Brink (U.S.A.)	25
The influence of neuronal cells on the development of glutamine synthetase in astrocytes in vitro (BRD 50742)	
M. Hayashi, R. Hayashi, H. Tanii, K. Hashimoto and A.J. Patel (Japan, U.K.)	37
Development of 'non-specific' cholinesterase-containing neurons in the dorsal thalamus of the rat (BRD 50743)	
R.T. Robertson and F. Mostamand (U.S.A.)	43
Development of tonotopic representation in the Mongolian gerbil: a 2-deoxyglucose study (BRD 50744)	
A.F. Ryan and N.K. Woolf (U.S.A.)	61
Inhibition of conditioned media-mediated neuriteogenesis of sensory ganglia by monoclonal antibodies to GM1 ganglioside (BRD 50745)	
P.E. Spoerri, M.M. Rapport, S.P. Mahadik and F.J. Roisen (F.R.G., U.S.A.)	71
Brain-derived neurotrophic factor stimulates survival and neuronal differentiation in cultured avian neural crest (BRD 50746)	
C. Kalcheim and M. Gendreau (France)	79
Estrogen and insulin synergism in neurite growth enhancement in vitro: mediation of steroid effects by interactions with growth factors? (BRD 50747)	
C.D. Toran-Allérand, L. Ellis and K.H. Pfenninger (U.S.A.)	87
Histochemically demonstrable activity of phosphate-activated glutaminase in the postnatally developing rat hippocampus (BRD 50748)	
G. Wolf, K. Richter, G. Schünzel and W. Schöpp (G.D.R.)	101
Analgesic effects of intrathecally applied noradrenergic compounds in the developing rat: differences due to thermal vs mechanical nociception (BRD 50762)	
H.E. Hughes and G.A. Barr (U.S.A.)	109
Effects of neonatal spinal cord serotonin depletion on opiate-induced analgesia in tests of thermal and mechanical pain (BRD 50759)	
J. Giordano and G.A. Barr (U.S.A.)	121
Morphine-induced downregulation of $\mu$ -opioid receptors in neonatal rat brain (BRD 50749)	
A. Tempel, J. Habas, W. Paredes and G.A. Barr (U.S.A.)	129
Morphological and physiological properties of rat cerebellar neurons in mature and developing cultures (BRD 50750)	
D.L. Gruol and C.P. Crimi (U.S.A.)	135
Development of brainstem auditory evoked potentials in heterozygous and homozygous jaundiced Gunn rats (BRD 50751)	
S.M. Shapiro and K.E. Hecox (U.S.A.)	147
Observations on the development of certain ascending inputs to the thalamus in rats. I. Postnatal development (BRD 50752)	
C. Asanuma, R. Ohkawa, B.B. Stanfield and W.M. Cowan (U.S.A.)	159
Effects of GABA and baclofen on pyramidal cells in the developing rabbit hippocampus: an 'in vitro' study (BRD 50753)	
D. Janigro and P.A. Schwartzkroin (U.S.A.)	171
The axon initial segment as a possible determinant of retinal ganglion cell dendritic geometry (BRD 50754)	
L. Maffei and V.H. Perry (U.K.)	185
Dendritic competition: competition for what? (BRD 50755)	
V.H. Perry and L. Maffei (U.K.)	195
The pattern of dendritic development in the cerebral cortex of the rat (BRD 50756)	
T.L. Petit, J.C. LeBoutillier, A. Gregorio and H. Libstug (Canada)	209
Appearance and distribution of neuron-specific enolase and calbindin (CaBP 28 kDa) in the developing human inner ear (BRD 50757)	
C.J. Dechesne, M. Lavigne-Rebillard, A. Brehier, M. Thomasset and A. Sans (France)	221
The time of origin of somatostatin-immunoreactive neurons in the rat hippocampal formation (BRD 50758)	
P.R. Rapp and D.G. Amaral (U.S.A.)	231

(contents continued on p. 320)

*(contents continued)*

Ontogeny of dopaminergic function in the rat midbrain tegmentum, corpus striatum and frontal cortex (BRD 50760)	
E.L. Noisin and W.E. Thomas (U.S.A.)	241
Survival and development of embryonic and postnatal cerebellum transplanted into adult rat hosts: effect of growth as explants in culture prior to transplantation (BRD 50761)	
E.B. Ezerman (U.S.A.)	253
Soluble proteins from rat olfactory bulb promote the survival and differentiation of cultured basal forebrain neurons (BRD 50763)	
M.P. Lambert, T. Megerian, G. Garden and W.L. Klein (U.S.A.)	263
Light-microscopic immunolocalization of the growth- and plasticity-associated protein GAP-43 in the developing rat brain (BRD 50765)	
C.B. McGuire, G.J. Snipes and J.J. Norden (U.S.A.)	277
A lower proportion of filamentous to monomeric actin in the developing cerebellum of thyroid-deficient rats (BRD 50766)	
C. Faivre-Sarrailh and A. Rabié (France)	293
<i>Short Communications</i>	
Differential distribution of vimentin and neurofilament protein immunoreactivity in NB2a/d1 neuroblastoma cells following neurite retraction distinguishes two separate intermediate filament systems (BRD 60268)	
T.B. Shea and R.A. Nixon (U.S.A.)	298
Cross-species grafting of embryonic mouse and grafting of older postnatal rat retinas into the lesioned adult rat eye: the importance of cyclosporin A for survival (BRD 60269)	
R. Aramant and J.E. Turner (U.S.A.)	303
Vasoactive intestinal polypeptide (VIP)-like immunoreactivity in the suprachiasmatic nucleus of the perinatal rat (BRD 60270)	
L.K. Laemle (U.S.A.)	308
Development of a fetal circadian rhythm after disruption of the maternal circadian system (BRD 60271)	
S. Shibata and R.Y. Moore (U.S.A., Japan)	313
